

Jour. - Office of Legislative Counsel
Tuesday - 29 August 1967

Page 2

25X1 6. [] JSW) Bob Michaels, House Appropriations
25X1 Committee staff, called on behalf of Chairman Mahon asking about []
[] I indicated to Michaels I had given the Chairman a personal report
on this which was a very favorable one. []

25X1

25X1 7. [] JSW) Representative John Marsh called stating
he was sending us a recent release on a speech concerning Cambodia's use
of the Mekong River. He felt we would be interested and specifically stated
he was not requesting any comment from us.

25X1 8. [] JSW) Joe Ray, Bureau of the Budget, called to see
if we would have any interest or comments on a State Department report on
H.R. 2430 dealing with restrictions on travel of U.S. nationals. They
apparently are suggesting a substitute bill. I said I would check this and
advise, hopefully by tomorrow.

25X1 9. [] GLC) Delivered to Miss Makarius, Senate
Republican Policy Committee staff, two copies of Castro's speech at the
Latin American Solidarity Conference. Miss Makarius had requested copies
of this speech for Senator Bourke B. Hickenlooper.

25X1 10. [] GLC) Talked with Dr. Martin Sweig, in the office
of the Speaker of the House, by way of follow up to Mr. Warner's prior request
to him to check with the Speaker to ascertain possible House attitudes and
potential action with respect to S.1035 and similar House bills. After a short
conversation, Sweig took me into the Speaker's office. As usual, the Speaker
was most cordial and most sympathetic to the Agency's problems. He said it
made no sense to exempt the FBI from this bill and not to exempt CIA. However,
he said he could make no guarantees with respect to House action. He did
place a call to Representative John Moss, who has introduced similar legislation
(H.R. 10966) in the House, to ascertain his views. Later in the day, Sweig
reported that the Speaker had talked with Mr. Moss and that Mr. Moss was
agreeable to an Agency exemption. (See Memo for the Record for details.)
